

Holt House Infant School has a welcoming and secure environment with a warm and friendly ethos. It is passionate about learning and committed to providing the best education it possibly can for each and every child. Children's behaviour is excellent and children and adults live and work together in a positive and supportive way.

Holt House Infant School is an outstanding school where children make excellent progress and are kind and considerate to each other. Parents and carers are able to feel very confident about the work the school is doing. If you are in any doubts about aspects of school life we trust you will contact the Headteacher and also take advantage of the occasions we provide for parental contributions.

Our School Philosophy

We believe that the fulfilment of a child's potential can only be achieved by the school and the child's family working together. We are committed to working in partnership with parents and carers and involve them closely in their child's learning. There are many opportunities for parents to be a part of school life and we keep in close communication with working parents via our email system. The *Friends of Holt House* is a welcoming and active group and there is a flyer about them at the end of this prospectus.

At **Holt House Infant School** we provide an inclusive education, celebrating the diversity of our pupils and preparing them for life long learning and achievement. The school provides a high quality learning environment that gives children many outstanding learning opportunities.

Our vision statement was developed from ideas given by all the children.

Children's Vision

"We, the children of Holt House, want to work together to create a happy, kind and safe school, where there is no fighting, no hurting and everyone listens to each other. We enjoy learning outdoors and we care about our environment. We would love to have more dens and magical places for play and learning."

Code of Conduct

All children have the right to feel safe and secure in an environment free from fear, oppression, humiliation and abuse. We believe that excellent behaviour and attitudes to learning are essential for outstanding education.

We expect parents and carers to work with us in helping their children to meet these expectations. At **Holt House Infant School** we encourage children to develop self-discipline in their work and behaviour and to accept responsibility for their own actions. We believe in the positive reinforcement of good behaviour by giving praise and encouragement. We have an orderly, relaxed and friendly atmosphere in which learning can take place effectively.
